

RPZ VALVE COMPLIANCE TEST REPORT

Please note: the original report shall be retained by the customer, where the original is held off site a copy must be made available on demand. A copy shall be sent to the water undertaker within 10 days of completion of the test. For further information, including where to send completed compliance test reports please contact Network Regulations Affinity Water, Redricks Lane, Sawbridgeworth, Harlow, CM21 or email network.regs@affinitywater.co.uk

Failure to provide all the required information may result in the rejection of this report. Please refer to the AIM for further information.

Name of the person responsible for the RPZ valve:

Address of location where RPZ valve installed:

Contact Number:

Email Address:

Method of supply: Mains Storage

Type of plant/equipment being supplied via RPZ valve:

Make of RPZ valve:

Model of RPZ valve:

Size:

Serial No:

	Yes	No
Strainer present:	<input type="checkbox"/>	<input type="checkbox"/>
Unobstructed air gap:	<input type="checkbox"/>	<input type="checkbox"/>
Strainer clean:	<input type="checkbox"/>	<input type="checkbox"/>
Accessibility acceptable:	<input type="checkbox"/>	<input type="checkbox"/>

If no please comment below:

Test Result: Pass Fail

Failure only: details of failure and any action taken

Expiry date of certificate:

Day	Month	Year
<input type="text"/>	<input type="text"/>	<input type="text"/>

Date of last test:

<input type="text"/>	<input type="text"/>	<input type="text"/>
----------------------	----------------------	----------------------

Test due date:

<input type="text"/>	<input type="text"/>	<input type="text"/>
----------------------	----------------------	----------------------

Date of testing:

<input type="text"/>	<input type="text"/>	<input type="text"/>
----------------------	----------------------	----------------------

Date of commissioning:

<input type="text"/>	<input type="text"/>	<input type="text"/>
----------------------	----------------------	----------------------

Test kit(s) calibration date:

<input type="text"/>	<input type="text"/>	<input type="text"/>
----------------------	----------------------	----------------------

Test interval:

Make of test kit(s):

Serial number of test kit(s):

Reason for test:

Permission to turn **off** supply:

Permission to turn **on** supply:

RPZ VALVE COMMISSIONING TEST REPORT

Failure to provide all the required information may result in the rejection of this report. Please refer to the AIM for further information.

AIM Field Test Pressure	differential (pd1) across/between upstream and intermediate zone bar:	Relief valve operation (pd2) Pressure differential (between upstream and intermediate zones) at which relief valve starts to discharge: >0.14bar:	Relief valve (buffer): Upstream pressure fluctuations accommodated: ±0.1 bar:	Pressure differential: Across/between intermediate and downstream zone: bar:
